

IPRO eScan-IT Requirements

eScan-IT is designed to be run on one or more computers that are networked to a server. Requires eScan-IT to be installed on each workstation to run eScan-IT.

The eScan-IT workstations must have access to the network or local drive where the system files are located.

The eScan-IT Workstations should be dedicated to production and electronic discovery.

The eScan-IT EDD module uses Microsoft Office 2003 or 2007, including Outlook and Outlook Express.

The eScan-IT EDD and eQC module can be installed on the same workstation but limited to running either EDD or eQC at a time.

Any customizations to Microsoft Office such as creating macros or modifying templates could affect the EDD or EDD eQC results.

Do not install and run eScan-IT EDD module on User's personal machine.

Software Requirements

| | | |
|---------------------------|--|---|
| Operating Systems: | Microsoft Windows XP Professional 32-Bit or 64-Bit Platforms | Certified with Service Pack 3 |
| | Microsoft Windows Vista Business 32-Bit or 64-Bit Platforms | Certified with Service Pack 2 |
| | Microsoft Windows Server 2003 R2 Standard Edition or Enterprise 32-Bit or 64-Bit Platforms | Certified with Service Pack 2 |
| | Microsoft Windows Server 2008 R2 Standard Edition or Enterprise 32-Bit or 64-Bit Platforms | Certified with Service Pack 2 |
| | Microsoft Windows 7 Pro 32-Bit or 64-Bit Platforms | Certified with no Service Pack |
| Third Party: | MS Office 2003 Requires (Office 2007 Compatibility Pack) (SP1, SP3) | NOTE: Required for EDD or EDD eQC modules |
| | MS Office 2007 Professional (any service pack) | NOTE: Required for EDD or EDD eQC modules |
| | Ms Office 2010 Professional (Requires Office 2007 MODI) | NOTE: Required for EDD or EDD eQC modules |
| | Lotus Notes Client Install (8.0 Basic, 8.0 or 8.5) | NOTE: Required for EDD or EDD eQC modules to process NSF stores |
| | GroupWise Client (7.0) | NOTE: Required for EDD or EDD eQC modules to process GroupWise stores |
| Licenses | IPRO Licensed Subscription Version – Authorized License | Dongle not Required. Technical Support and upgrades includes in yearly renewal fee. |
| | IPRO Licensed Dongle Version – Authorized License | Dongle required for each workstation |
| | 3, 5, 10 Network Version Packs or individual. | Technical Support and upgrades includes in |

| | | Hardware Recommendations | | | usage charge. |
